

Technology Release

Child's Name: \_\_\_\_\_

Date of Birth: \_\_\_\_\_

Email Communication:

Email is our primary form of communicating our schedules, school delays/closures, and classroom & director newsletters. We maintain a parent email address list, so that we can quickly and effectively reach each class or the entire school. Our classroom newsletters will contain a summary of the week's activities and photos of the children's work and play.

Or, \_\_\_ contact me to set up an alternative way to receive this information, as I do not use email.

Information Sharing:

Every year, we create and share a student contact directory, by class. This lists your name, phone, and email. This is circulated to all of the families at the beginning of the school year. Please let us know if there are any portions of this information that you do not want shared.

Social Media:

We ask parents not to publicly share photos of a child or children (other than their own) taken on personal devices at school, school events or on field trips, without the permission of the parent of said child or children.

I will honor this request \_\_\_\_\_ (please initial)

Photo Release:

A picture is worth a million words. Your willingness to share photos we capture of the children allows us to spark interest in prospective families viewing our social media.

I, \_\_\_\_\_ (print your name) GRANT permission for the Harpswell Community Nursery School to publish images of my child, \_\_\_\_\_ on the school's web site, Facebook page, brochure or for any other publicity purposes. Photos used in the public sphere will not include the name of any child without express written permission from the parent.

- OR -

I, \_\_\_\_\_ (print your name) REFUSE permission for the Harpswell Community Nursery School to publish images of my child, \_\_\_\_\_ on the school's web site, Facebook page, brochure or for any other publicity purposes.
